

EDUCATION

Year	Degree/Exam	Institute	CGPA/Marks
2025	B.TECH	IIT Kharagpur	8.42 / 10
2021	Senior Secondary	Litera Valley Zee School	94.4%
2019	Matriculation	Litera Valley Zee School	96.4%

INTERSHIPS

IT Developer | Rimava Limited

Aug 2024 - Present

- Developing a **React Native** app for booking domestic help services, enhancing the overall user experience through detailed **wireframes**
- Optimizing **UX/UI** across app pages and brainstorming features to ensure smooth navigation and streamline the entire **user journey**

Founding Engineer | Think Turbo | Recognised by Startup India | Backed by Microsoft for startups May 2024 - Jun 2024

- Developed a **SAAS** tool that reduces data analysts' workload by **40%** by utilizing Generative AI to optimize SQL queries efficiently
- Designed a **MySQL** database, developed **REST APIs** with **Express** and **Node.js**, and seamlessly integrated them with React using Axios
- Containerized the app with **Docker** for cross-device compatibility and set up **CI/CD** pipelines for automated deployment on Azure VM

POSITIONS OF RESPONSIBILITY

Head | Sub-Head | Associate | COMPOSIT | IIT Kharagpur | Department Fest

Jan 2022 - Apr 2024

- Led a **15-member** team for COMPOSIT's 29th edition, achieving a **threefold** increase in attendance and overseeing **3000+** registrations
- Coordinated with professors for event judging, managed **100+** participants, and oversaw accommodations, scheduling, and logistics
- Developed and launched COMPOSIT's 28th edition website, attracting **1000+** registrations and providing comprehensive fest details

Student Member | Junior Associate | International Relations Cell | IIT Kharagpur

Mar 2022 - Apr 2023

- Revamped the Foreign Training Portal, resulting in INR **21.56 M** funding, with **220+** students securing **58** International Research Projects, demonstrating a substantial improvement over the previous statistics of 150+ students, 52 Projects, and INR 9.8 M funding
- Managed Foreign Training Panel Discussion for **250+** attendees seeking research internships abroad, featuring 6 experienced seniors
- Organized Europe Semester Away/Exchange Programs Panel for **280+** students, featuring 5 experienced panelists from different IITs
- Organized pre-**Hult Prize** sessions, and managed the **OnCampus Round 2023** with **40+** registrations, 16 teams, and 5 judges

PROJECTS

COMPOSIT'24 Website | Team Project | IIT Kharagpur

Jan 2024 - Mar 2024

- Developed a visually appealing, responsive fest website frontend using **HTML**, **CSS**, and **React**, ensuring seamless cross-device experience
- Implemented a **Node.js** and **MongoDB** registration system, automating ID generation via email, and payment for accommodations
- Hosted the **MERN stack** app on **Render** with a custom domain, streamlined frontend-backend integration, and ensured efficient data flow

KraftySoul.ai | Self Project

Jul 2024 - Aug 2024

- Developed a **MERN Stack** application with a seamless user interface using **React.js** and **Node.js**, allowing users to sign up and log in to access Generative AI capabilities such as text summarization, paragraph generation, chatbot interactions, and JavaScript code generation
- Integrated **Gemini API** for AI functionalities, utilized **MongoDB** for efficient data management, and deployed the full-stack app on **Render**
- Optimized UI to make **Generative AI** capabilities accessible through intuitive tools, catering to both technical and non-technical users

SKILLS AND EXPERTISE

- Languages and Databases:** C++ | Javascript | Bootstrap | Git | React.js | Django | SQL | Node JS | Mongo DB | React Native
- Softwares and Libraries:** Python and its Libraries | VS Code | Jupyter Notebook | MS Excel | JIRA | Canva | Github | Docker

COMPETITION/CONFERENCE

Product Teardown - Recipe Cup | Product Space

- Secured **11th** place out of **100+** teams in the Recipe Cup teardown competition by analyzing a platform linking home chefs with customers
- Performed competitor analysis, mapped user journeys, assessed pain points with personas, and prioritized them by the **RICE** framework
- Developed targeted solutions for identified pain points and formulated metrics to measure the impact on the overall user experience

CERTIFICATIONS

Winter Consulting 2022 | Consulting and Analytics Club | IIT Guwahati

- Completed a 4-week primer course on **Management Consulting** by the Consulting and Analytics Club, IIT Guwahati, applying insights to real-world scenarios, conducting **SWOT analysis**, and proposing revenue strategies for 'The Future of Twitter' post-acquisition

COURSEWORK INFORMATION

- Miscellaneous:** Machine Learning Foundation and Application | Programming and Data Structures | Financial and Legal Aspects of New Technology Ventures | Economics | English for Communication | Environmental Science | Science of Living Systems
- Mathematics:** Probability and Statistics | Matrix Algebra | Linear Algebra | Calculus | Numerical Analysis | Complex Analysis
- Core:** Computer Applications in Metallurgical Processes | Materials Engineering | Metallurgical Thermodynamics | Design and Selection of Materials | Phase Transformation and Heat Treatment of Materials | Mechanical Working of Materials | Extractive Metallurgy

EXTRA CURRICULAR ACTIVITIES

- Secured **5th** place out of 11 competing teams in the Hack-an-Intern Hackathon, organized by 'Kode-in-KGP' in collaboration with 'Density'
- Ranked **4000** globally on Unstop with **26** certificates, demonstrating active engagement in competitions and continuous learning
- Finished within the top **15** positions out of a competitive field in the Lawn Tennis Open IIT Competition organized at IIT Kharagpur
