

EDUCATION

Year	Degree/Exam	Institute	CGPA/Marks
2025	B.TECH	IIT Kharagpur	7.60 / 10
2021	Class XII, MSBSHSE	Rajarshi Shahu Jr. College	92.17%
2019	Class X, MSBSHSE	Bharat Vidyalaya Buldana	97%

INTERNSHIPS

Data Scientist GameChange	May 2024 - July 2024
- Executed 100+ test cases for OCR & PdfQuery modules using Pytest, reducing errors by 30%, gained experience in Docker deployment - Employed & compared PyPDF2, Tika, Camelot & Tabula for extracting text & tables from 500+ PDFs, streamlining data retrieval processes - Developed a LangChain and GPT-based response system, integrated into a web application to manage 1,000+ user queries monthly - Incorporated Scrapy, Puppeteer and BeautifulSoup for web scraping trade license details, improving accuracy with Postman integration	
AI / ML Intern Nexus Info	Jan 2024 - Feb 2024
- Integrated Gmail API in Python, optimizing the email access for primarily classify the emails into Product Order, Inquiry and Irrelevant - Further classified the Inquiry emails into query and quotation categories; generated SQL commands to extract data for query type mail - Utilized GPT-3.5 API, both for the classification of emails as well as for PDF-based information extraction for some of the categories - Achieved an accuracy of around 95% in the classification (Primary and Secondary) and an accuracy of 88% for the PDF-info retrieval task	
Data Scientist Personify	May 2023 - June 2023
- Optimized website redesign through A/B testing, resulting in a 15% increase in click-through rates and a 20% boost in online sales - Conducted exploratory data analysis (EDA) on sales data with Python and SQL, identifying trends that led to an 18% revenue increase - Automated customer support ticket classification with an ML model, reducing response time by 30% and enhancing customer satisfaction	

PROJECTS

GDP Prediction using Nighttime Light Data IIT Kharagpur Prof. Anubhab Pattanayak	July 2024 - Present
- Processed VIIRS satellite NTL data and integrated economic indicators (Sensex, repo rate, exchange rate) for feature engineering - Engineered GDP prediction model with NTL data, achieving 95% fitness & outperforming baselines by 22% (R-squared: 0.89, RMSE: 0.15) - Applied & compared multiple modeling techniques including Random Forest, XGBoost, ANN & CNN using scikit-learn & TensorFlow - Optimized model performance with feature importance analysis, hyperparameter tuning via grid search, & cross-validation techniques	
Research Intern Flood Impact Assessment in India IIT Kharagpur	May 2023 - June 2023
- Built a web-scraper using Selenium & Chrome Driver to efficiently retrieve the PDF files & Excel files from IMD website for all 29 states - Preprocessed the data extracted from the web scrapper using different libraries in Python & performed EDA to gain further insights - Implemented ML models on data for outlier detection using isolation forest & extended isolation forest & achieved an accuracy of 90%	

COMPETITION/CONFERENCE

General Championship Data Analytics IIT Kharagpur	Feb 2024 - Mar 2024
Objective: Predicting Tourist Arrivals Using Machine Learning and Internet Search Index - Collected & processed a 12-year dataset from 157+ keywords, performed EDA & Feature Engineering for enhanced model performance - Developed ML models including Transformer based architectures & ensemble methods, with up to 85% accuracy (RMSE: 0.12 & R²: 0.48) - Applied optimized time series models (Auto ARIMA, SARIMAX), reducing forecast error by 60% & adapting to real-time data updates - Boosted prediction accuracy by 20% with external data (NASA climate, economic indicators) & real-time updates for adaptive forecasting	

SKILLS AND EXPERTISE

Industry Domain Knowledge: Machine Learning, Deep Learning, Data Visualization, Front End Development, Data & Business Analytics
Languages, Frameworks & Libraries: Python, C, C++, HTML, CSS, JS, SQL, NumPy, Pandas, TensorFlow, NLTK, spaCy, LLMs, LangChain
Tools and Technologies: Git/Github, MS Excel, Tableau, Power BI, Azure, AWS, Docker, Postman, Jupyter Notebook, VS Code

COURSEWORK INFORMATION

Machine Learning | Deep Learning | Data Structures & Algorithms | Programming and Data Structures | Probability and Statistics | Advanced Calculus | Partial Differential Equations | Linear Algebra | Generative AI | Techno - Entrepreneurial Leadership

POSITIONS OF RESPONSIBILITY

Member Technology Adventure Society IIT Kharagpur	Jan 2022 - April 2023
- Managed and maintained the society's website, actively implementing design updates and enhancements to optimise user experience - Publicized and conducted various in and off-campus 1 and 2-day events and trips, which resulted in a 20% YOY increase in participation - Taught HTML, CSS, JavaScript, and React, along with the basics of Adobe Photoshop and Adobe Premiere Pro, to 32 first-year students	
Team Leader AIESEC IIT Kharagpur	July 2022 - Jan 2023
- Led a team of 21 members & efficiently managed marketing portfolio, executing strategies that drove substantial organizational growth - Organised and skillfully led an engaging and insightful Android Development workshop, attracting the participation of over 240 students	

EXTRA CURRICULAR ACTIVITIES

- Mentored and taught **over 500** JEE and NEET aspirants on the Filo platform, receiving an outstanding average rating of **4.86** out of 5
- Contributed to the **Gold-Winning** team as an **Editor & Actor** in Short Film Making at **Spring Fest 2023** and **General Championship 2024**
- Awarded the **Man of the Match** title **3 times** for an exceptional performance as a key member of the District Cricket Team (2016-2019)
